Dear Dreamgirl Customer,  
As the industry snaps back to its usual rhythms, one thing remains clear - everyone loves to dress up! Maybe it was the reprieve and escape we all desperately craved to bolster our spirits. Despite restrictions last year and regardless of whether or not we were able to mark the occasion in person, at a party, out on the town or trick or treating - over half of Americans dressed up in costumes last year. This year as things continue to open up, that number will only increase and we can't wait to help you celebrate.

Whether you prefer to dress up in a theme or prefer some DIY inspiration thought starter pieces, the trends don't stop at Dreamgirl. We were exceptionally thoughtful and intentional with each of our styles, silhouettes, textures, colors, material development and trims. You will find a new invigorating freeness to our costume creations this year with emphasis on showiness from Grecian draping, exposed torsos, bridal vibes, fringe, tails, dramatic capes and Dreamgirl's spin on updated classics that I hope you find fresh, chic and exciting.

Nothing transforms your look quite like a brand-new hair style. Our wig line brings you the biggest hair trends for 2022. Whether it be special occasion, holidays or for every day, we are here to shake things up. 90's layers, heavy bangs, side parts, bobs, chic ombré colors, or rainbow - we look forward to helping you start your new year off with a bang (quite literally).

With that, I truly believe 2022 is the time to dare to try something new and be fearless. Never has it been so important to do so as it is in this moment. I hope you find our collection vibrant, magical, and memorable and that it brings you as much joy as we had creating it.
