Dear Dreamgirl Customer:

2024 is all about indulgence, wild and unrestrained. It is about a challenging industry, changing faster than ever before. There are new competitors, new opportunities, and the need for new skills. There is no restraint in creation, no taboo. Customers are craving self-indulgence and need outlets.

Everything points to a shift that will be happening in Spring/Summer 24. Customers want a more global view, a better understanding of new technologies, and a way to navigate through this cultural change for businesses and their customers alike. Additionally, Dreamgirl has exciting news, after many years we have modernized and updated our logo and packaging. As trendsetters in this industry, we want to ensure that our presentation reflects that we too are committed to changing with the times and elevating our look in every way.

Wildness is a common thread throughout this 2024 collection. Rock 'N' Roll, rock music, and its associated aesthetics are also back in fashion. You will notice that energy subtly weaved through this collection and book. We are introducing an exciting new assortment of the year's hottest concepts from mixed media prints with roses and skins; the current obsession, denim lingerie, and illusion styles channeling Thierry Mugler in the '70s emphasizing women's curves and bodies. You will see updated techniques in pintucks and seam detailing. We experimented with novelty knits, and updated our already edgy fetish collection, introducing the Shabari-inspired rope harness. Additionally, we are introducing for the first time our bare, naked hosiery that will give the wearer the perfect bare look while offering comfort, and support.

This collection is a celebration for all, it is a culmination of hard work, timing, curiosity, and unabashed fearlessness. I am so happy to share our world with you and hope that you find this new collection exciting and brings you much joy in the coming New Year.

Sincerely,
Barry Revzen
CEO, Dreamgirl International
